Copy of letter from the/Rationing Officer, South Kanara, Mangalor to the Secretary to the Commissioner of Civil Supplies, Board of Revenue, Madras, Ref: No.158/44, dated 16th May 1944.

Sub: CIVIL SUPPLIES - Rationing - South Kanara district - Mangalor rationed area - Patrol staff - Proposals submitted.

Rationing has been ordered to be introduced in the Mangalore area from 21st May 1944. It will, thereafter, become necessary to appoint patrol staff for preventing the unauthorised in-flow of the rationed article into or outflow of the same from the town. There are five important roads leading to the rationed area, as stated below:-

1. Mangalore - Buntwal road.
2. Mangalore - Karkal road.
3. Mangalore - Mulki Road.
4. Mangalore - Manjeshwar road.
5. Mangalore - Malavoor road.

Along these five roads it is necessary to post a staff of 20 chowkidars for the five chowkies designated as

1. Alape Chowki.
2. Kulshekar Chowki.
3. Derebail chowki.
4. Someshwar chowki.
5. Kavur chowki.

at the rate of 4 chowkidars per each beat point of chowki.

2. Besides the five chowkies mentioned above, it is also necessary to establish 3 more chowkies on the banks of the Nethravathi and Gurpur rivers at their entrances into the rationed area in order to prevent any unauthorised in-flow of rice into or out-flow of rice from the rationed area by means of boats plying along these rivers. I, therefore, propose the establishment of 3 more chowkies as detailed below:-

1. Along the northern bank of the Nethravathi river at the entrance to the rationed area, - known as Jeppu chowki.

2. Along the Nethravathi river at the entrance to the rationed area at the southern bank, - known as Peramannur chowki.

3. Along the Gurpur river on the eastern bank at the entrance leading to the rationed area, known as Kodi chowki in Bolodr village.

3. Thus, 8 chowkies are absolutely necessary for preventing any inflow of the rationed article into or outflow of it from the rationed area. A total staff of 32 chowkidars will be necessary for this purpose, at the rate of 4 chowkidars per chowki. Besides patrolling at the chowkies and along the river, it is also necessary to do patrol along the sea-side and also in the port area and at the Railway and Bus stations. This rationed area is very extensive, its area being nearly 24 sq. miles. I submit, therefore, that 2 supervisors of the cadre of lower division clerks, with a cycle allowance of Rs.4/- per mensem may be sanctioned for this rationed area, for supervising the work of chowkidars and also doing patrol work themselves along the sea-side, port area and Railway and Bus stations. I am afraid, this staff may be quite inadequate for effective patrol and after some time, if more staff is found absolutely necessary, a further proposal will be submitted in due course.

4. The prevailing market rate, after deducting the Dearness allowance, is not less than Rs.12/- per mensem in this area. I submit therefore, that the pay of a chowkidar may be fixed at Rs.12/- per mensem

mensem and Dearness allowance of Rs.10/- per mensem to be paid separately. Orders passed on this proposal may be kindly communicated to me by wire, so that the patrol staff may be appointed expeditiously and posted at their respective beat points. I propose also to supply each chowki with a lantern and sufficient kerosene and to put up a temporary shed for each beat point, in case a small rented building or a separate room of a building is not available for rent.

Sub: CIVIL SUPPLIES - Rationing - Mangalore - Patrol staff - Appointment.

Ref: From the District Rationing Officer, South Kanara, Ref: No.158/44, dated 16th May 1944.

In G.O. No.Ms.1744, Development, dated 19th April 1944 (copy enclosed), Government have issued instructions regarding the patrol staff that may be appointed for a rationed area. As the strength of patrol staff prescribed in the G.O. will be inadequate the Board has asked Govt. to reconsider the orders in the G.O. Pending final orders of Government on the Board's reference, the orders in the G.O. must be followed. The District Rationing Officer can therefore appoint in anticipation of sanction of Government only, the following staff for the rationed area of Mangalore:-

(1) 8 chowkidars for day duty and 8 chowkidars for night duty at the 8 chowkies proposed by him.

(2) a reserve staff of 3 chowkidars, and

(3) one supervisor.

The pay and allowances for the staff will be as fixed in the G.O. The Supervisor should do duty as indicated in sub-para (4) of para 1 of the G.O.

2. The District Rationing Officer is permitted to purchase lanterns at the rate of one for each post and to erect sheds at the posts wherever necessary. The cost of these should be met from contingencies.
